#### BIG ROLLER MILL. TO BE ERECTED. ANOTHER ROCKCASTLE ENTERPRISE.

Cornell is one of the appellations suggested for the name of station, post office, etc., for the proposed big roller mill plant at Sinks, this county. The undertaking is backed by Dr. Cornelius of Berea, and L. H. Davis, a merchant and business man of Livingston. Preliminary grading for foundation of buildings and dam is already going on. A concrete dam will be constructed across Round, Stone Creek; its dimensions will be ten feet wide at bottom and four feet at top and 200 feet long; at a point something like eight hundred feet north of "Sinks" telegraph station and probably a hundred feet up the creek from "Sinks of Roundstone" where the water of the creek, at low tide, disappears into the ground and under a mountain to reappear at the "Boils at Livingston, three miles below. The mill building and elevator will also be made of concrete reinforced by iron and steel the main building will be four stories in height. The foundation of dam will be entirely on bed of rock across the stream and juts against rising solid stone cliffs on both sides. The reservoir or back water will extend up the creek three and half or four miles. The mill company has purchased all the lands on each side of stream, that will be submerged by the erection of the dam. A flume or race, constructed of concrete will conduct the flow from reservoir down to the mill where it will be used to run an overshot steel wheel size eight by twenty-four feet, weighing 25,000 pounds developing probably twice the horsepower needed in the operation of the mill.

The plant will be fitted with the latest and best modern machinery that money can buy; everything to be first class in every respect and the product will be second to none in the

United States. While it is the intention of this mill to look more particularly to the mountains the owners propose to invade the bluegrass regions, with their output as well. A record of the water flow has been kept for two years or more and it has been shown that there is plenty and to spare even during dry seasons to furnish all necessary power to drive all needed machinery about the plant. The siding will be a spur and will start off from main line of road about three hundred feet north of Sinks telegraph office, on east side of track. The mill building will be something like four hundred feet from the telegraph office.

It is proposed to have all modern conveniences in way of railroad station, post office, express, telegraph and telephone offices.

One of the best millers to be found in the State has been employed by this firm.

One of this mill's proposed special drives will be in the meal trade in Rockcastle and the Southern counties, the product to always be of first class quality.

It is proposed to buy all of Rockcastles surplus wheat or any corn that she has to sell but of course the larger portion of the mills grist will have to be imported until our county buckles down to more wheat raising. It is said Rockcastles wheat crop this year is larger in acreage than ever sown heretofore and is in fine condition.

It might be said in passing that this mill will not use a piece of second hand machinery but put in everything new from foundation to roof which will be installed by a responsible mill machinery manufacturer and fully guaranteed to be second to no mill ever erected. The contract has been let and when completed and in operation and giving satisfaction to the mill owners then the builders gets his money otherwise if anything doesn't show up first class in every respect then no pay until its made satisfactory. This machinery will cost the firm almost double the price they could have got same from some other makers; the difference being on account of quality.

The proposed name, Cornell, is made up of a combination of names of Cornelius and Davis, the promoters and builders of the enterprise, taking six letters of Cornelius and the two last letters of Davis. It is euphonious and there is not a place by that appellation within any of the American States or on the globe as far as can be learned.

#### DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Children Cry  
FOR FLETCHER'S  
CASTORIA

To the people of Mt. Vernon and Rockcastle county:

We beg of the Editor of Mr. VERNON SIGNAL space in its columns to speak to them in the interest of all our people regardless of political or religious affiliation.

It gives pleasure to our good citizens to hear of the prosperity of any and all of our people. When one is successful in any legitimate and useful enterprise all share in some degree in his prosperity. What is true in this respect is true also in a large measure when our people meet with adversity. In short we are all individually a part of the community in which we live and are in a measure individually responsible for the weal or woe of our citizens.

We are pleased to note the material prosperity of our mountain counties. To see the development of our natural resources. We are sure our people will be materially benefited whether we own the lands or invest in the numerous industrial enterprises springing up in our midst.

Now what is the first consideration, in any well ordered community to enjoy our prosperity?

What shall we do to promote a due regard for law and order? Can we reasonably expect to reap a full measure of our prosperity if we fail to look after our social and moral welfare?

What are we to expect in any of these essentials to prosperity if we neglect the religious phase of education.

We that are grown, we who have established a character good or bad, are presumably what we shall be to the end. Some of us may mend our ways, and become better citizens, may be better Christians, but the chances are doubtful to say the least. If we are to have a more enlightened intelligent Christian citizenship, what are our resources?

What are the forces to be employed, to achieve, this uplift from the dead level of mere material prosperity?

Can it be expected that this uplift can be achieved in our schools? Nay, verily my fellow citizens.

If the home has lost its power to save the young people from their worldly mindedness, and fail to train them in the way of virtuous citizenship alas! for our boasted civilization.

What are our aims in life? What is your and my ideal of citizenship? What are the standards by which we measure ourselves?

My fellow citizens, not all the coal and iron, all the mineral wealth, all the manufactured product from the raw material, in all of Eastern Kentucky can furnish the ransom of one human soul. Not all the wealth of India, South Africa, The Klondyke may all the wealth of the world be sufficient to redeem a human soul, from the thralldom of sin and predilection.

What shall I, or you or anyone give in exchange for one soul?

What shall it profit us my friends if we gain the whole world and lose our own soul?

In the preparation of this article there is no prospect of worldly gain, there is no purpose of pecuniary reward but for the love of our neighbor and our neighbors children to the uttermost part of the earth this appeal is made to fathers and mothers.

See to it now this day, this year, see to it that all safe guards of a Christian home are thrown around your sons and daughters.

See to it we beseech you that our children are protected from the emissaries of the evil one.

If we desire wealth, fame, fortune "Seek ye first the Kingdom of God and his righteousness and all these shall be added unto us in sufficient measure for all our needs. May the God and father of us all help us to see our selves in the light of eternity and fit us for a heaven by home prepared for all of the faithful in Christ.

KENTUCKY PRESS ASSOCIATION

The national Republican convention met in Chicago on Tuesday last and there has been stormy times in the windy city every minute since. The national committee had previously given to Taft nearly all the contested delegations which naturally caused the Roosevelt people to put on their war paint. The convention was started off by the election of Elihu Root, a Taft man, for temporary chairman after a hot old time in the hall. Col. Roosevelt concluded at the last moment to go to Chicago and is there on hands in command of his forces. On Wednesday after running the temperature of convention up to something over 101 in the shade a credential's committee was appointed consisting of 34 Taft men and 19 followers of Roosevelt. This committee met Wednesday night and after failing to agree on a set of rules in trying the 72 submitted contest cases the Teddy Bear men "saw the coop" and refused to play. Col. Roosevelt says the national committee simply made a naked steal and robbed him of delegates in their decision in contested cases and he doesn't propose for the credentials committee to do likewise. Teddy is a master of English and he is giving the subject the best he has in the shop and its mighty warm stuff when he makes reference especially to members of national committee whom calls thieves, highway robbers, and various other pet names. The Colonel declares he will not stand for robbery and at the present writing (Thursday) all indications point to a bolt by the bear hunter and his delegates and will go to the armory and hold a separate convention where the Colonel will be nominated. In all probability the ex-president will make the race under the emblem of a newly named political party. This being democratic year, however, we can put up Champ Clark, Willson or any other good man from our side of the house and beat any republican at November election. (Yes could even beat both Taft and Teddy or even a half dozen of them.)

W. J. BRYAN is in the convention as a press representative and is making some mighty good reports of the proceedings to Cincinnati Enquirer and other noted newspapers.

EVEN the amiable Bradley got excited on floor of convention hall and started, liar, liar, liar, to a Roosevelt delegate who had prodded him for voting to whitewash Laramie.

CHICAGO has been the hottest spot in the country since Tuesday when the publicans and sinners opened up the mud batteries.

days with Mr. and Mrs. John Cress, before returning to their home in Dunmore. Miss Gertrude Martin was the guest of her brother Virgil Martin a few days last week. Victor Tate is spending a few days with his uncle J. W. Tate this week. We are glad to see Vic out again. Jas. Maret, the Telephone man from Mt. Vernon, was in town Monday on business. Mrs. Walter Wallin and children were the guests of Mr. and Mrs. J. E. Wallin the first of the week. R. S. Shivel was in Crab Orchard on business Saturday. Byron Owens was the guest of his sister Mrs. Virgil Martin last week. Edgar Dunn of Danville, is visiting in town this week. Miss Elizabeth Storm, who has been teaching school in Dun Edin, Fla., for several months, returned to her home at this place Wednesday

Uncle Dan Sowder of Indianapolis, Ind., is with his brother and sister, Uncle John Sowder and Mrs. Ellen Mahaffey this week. Mrs. J. W. Proctor was in Mt. Vernon, the guest of her son Steve Proctor this week.

Our Railroad Agent J. R. Cass accompanied by his daughters, Miss Annie, of this place, and Mrs. L. B. Hilton, of Stanford, attended the wedding of Mr. Cass' sister, Mrs. Jennie C. Weller to Mr. E. J. Ashcraft, at the residence of the bride, on Baxter Ave., Louisville, last Saturday. The wedding which was a quiet home affair, was solemnized at 4:30 p. m., and the contracting parties left for Chicago at 6:30 p. m. Mr. Ashcraft will attend the Chicago Convention while on his bride tour. The Secretary of the Fair Association informs us he will have ready for distribution on or about July the first an eighty four page catalog of the coming exhibition, judging from the immensity of the catalog, it should be very interesting to the patrons of the association, as it will contain much more than is usually seen in a country Fair catalog. It seems that every thing is working together for good, this year and we are all expecting a great good Fair. W. C. Black, of Barboursville, and Right Worshipful Grand King of The Grand Chapter of Kentucky was here Monday and inspected the Chapter of Royal Arch Masons.

Mrs. H. H. Hutcheson accompanied by Miss Elizabeth Gravelly are visiting their parents and grand parents Mr. and Mrs. D. W. Parker in Sago, Va.

## WITHERS

Crops and gardens are looking very much better after the refreshing showers. A large crowd of the young folks attended church at Cave Ridge Sunday. W. G. Mullins, of Disputanta visited his mother, Mrs. E. Mullins from Friday until Sunday and then she accompanied him home for a few days stay. Messrs Smith and Ashill, of Berea, were through this part last week calling on the merchants. Dr. Cornelius was called to the home of Thad Drew to see his mother who is very sick.

Mrs. Dillard Cotton is very sick at this writing. Emmitt Mullins still makes his Sunday trips to the home of Thos. Anderson there is some attraction surely. The Whortleberry crop is going to be plentiful this year in this part. J. M. Roberts was in Livingston today on business. Thomas Daugherty visited his daughter Mrs. Chas. Durham Saturday and Sunday. Miss Mary Durham, of New York City, is spending the summer with her father, Rev. Thos. Durham, at this place. Green Carpenter, of Dango, was in this part Sunday. He says he is contemplating on going into the goods business soon. Mrs. Edd Owens has returned from a visit with her sister, Mrs. Mullins, in Tenn.

We understand that Miss Katie Price, of Level Green, will teach our school this year. Sunday School at Cave Ridge every Sunday at 2:30 p. m. Rev. Hughey Ponder filled his regular appointment at River Hill Saturday and Sunday.

### COVE

Miss Winnie Fallin, who has been attending the State Normal school at Richmond, has returned home. Mr. and Mrs. Edgar Livesay, of the Buckeye section, were guests of Mr. and Mrs. J. W. Riddle Sunday. The people of this vicinity are being blessed with some fine rains now. Miss Minnie Parrett is numbered among the sick this week. Mrs. E. J. Shepherd is visiting relatives near Mt. Vernon.

Mesdames J. Boreing and John Treadway were the guests of Mrs. Pal Moore, of Mt. Vernon last Wednesday. S. T. Bryant who has been telegraphing at Falmouth is with homefolks. Misses Docia and Nora Shepherd, were the guests of Miss Edith Adams Sunday. Little Miss Bertha Boreing is with her aunt, Mrs. Pal Moore, at Mt. Vernon. Mr. and Mrs. Henry Treadway, visited relatives near Orlando Saturday and Sunday. Miss Helen and Master Jack Hackney spent Saturday night with their grandmother, Mrs. W. A. Fallin. Matt Tuttle and little sister, Mettie, of Boreing, Ky., are with their sister, Mrs. J. F. Treadway near Burr. Mr. and Mrs. Flim Parrett spent Sunday with Mr. and Mrs. W. H. Proctor. Josiah Bryant is telegraphing at Uma, Ky. Several of the people of this vicinity attended the burying of Mr. Sam Allen at Flat Rock Sunday. Willie Shepherd is working at Mt. Vernon. Miss Mande Adams spent Saturday night and Sunday with her grandmother Mrs. John Grider. Mr. and Mrs. Isaac Gross, of Tennessee, have been visiting Mr. and Mrs. James Winstaed.

There is one medicine that every family should be provided with and especially during the summer months; viz, Chamberlain's Colic, Cholera, and Diarrhoea Remedy. It is almost certain to be needed. It costs but a quarter. Can you afford to be without it? For sale by Chas. C. Davis.

Item from SIGNAL June 10th. 1894: Cull McClure got full of booze yesterday and tried to milk his old cow on the left side. When Cull woke up it was time to milk again.

If telephone subscribers would notify central when they go visiting for the day leaving no one to answer telephone it would save lots of unnecessary ringing and annoyance to callers and operators.

"Cull McClure is back on his old job, which is pulling a rocking chair into the shade of the house and dropping off comfortably to sleep between meals. His greatest trouble is to keep the chair out of the hot sunshine. The sun moves the shade while he sleeps.

"Run children run. Run out into the yard and play."

"What's the matter mother?"

"Your father (Cull) has lost his collar button."

Some of our friends have asked us the meaning of "Kavpee" used in connection with the cement plant at Pine Hill. It is K. P. spelled out, used locally. It's a short cut to saying out in full "Kentucky Portland Cement & Coal Co." Its too big a mouth full to use the full name of the company especially where its used some fifty to a hundred times or more per day over telephone. (Kentucky Portland K. P. Kaypee.)

Cull McClure has been expelled from the lodge known as the Sons of Rest, or the tired man's heaven for non-payment of dues, one cent a week. He will organize an opposition lodge and place the dues at a half cent a month and be ready for business by time Uncle Sam get to coining half cent pieces Cull says he will bust the trust of the lazy mens clubs and give every one a show to loaf without the big expense in dues, it has cost in the past. Though the new enterprises starting up in the county may interfere, for a time with his deep laid schemes and plans for a universal brotherhood of seekers of the shade, he proposes to fight it out on this line even if it takes all summer and then some.

MAN COUGHS AND BREAKS RIBS.

After a frightful coughing spell a man in Neenah, Wis., felt terrible pains in his side and his doctor found two ribs had been broken. What agony Dr. King's New Discovery would have saved him. A few teaspoonsful ends a late cough, while persistent use routs obstinate caught, expels stubborn colds or heals weak, sore lungs. "I feel sure its a God send to humanity", writes Mrs. Effie Morton, Columbia, Mo. "for I believe I would have consumption to-day, if I had not used this great remedy." Its guaranteed to satisfy and you can get a free trial bottle or 50-cent or \$1.00 size at Chas. C. Davis.

## NATURE'S ESSENCE...Extracted From Forest Plants.

Nature's laws are perfect, but often followed if these laws are not obeyed. Go straight to nature for the cure, to the forest; there are mysteries here that we can learn from you. Take the bark of the wild-cherry tree, the root of ginseng, stone, Oregon grape root, queen's root, bloodroot and golden seal, make a scientific, non-alcoholic extract of them with just the right proportions and you have

**Doctor Pierce's Golden Medical Discovery.**  
It took Dr. Pierce, with the assistance of two learned chemists, eight years of hard work experimenting to make this pure glyceric extract and alternative of the greatest efficiency and without the use of a particle of alcohol.

Just the sort of remedy you need to make rich, red blood, and cure that lassitude and feeling of nerve exhaustion. Dr. Pierce's Golden Medical Discovery bears the stamp of Public Approval and has sold more largely in the past forty years than any other blood purifier and stomach tonic.

"Some time ago I got out of health—my stomach seemed to be the part of the trouble," writes Mr. E. W. Williams, of Belleville, Kan. "I commenced to doctor with all the doctors at home as well as with other remedies on stomach and digestive organs. None seemed to do any good—in fact, most of the medicines did me harm. Finally, I wrote plain with indigestion and constipation, and advised Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets' have put me on my feet again." "The 'Discovery' and 'Pellets' have put me on my feet again," seemed to be just what I needed. I could not have recovered without them."

Dr. Pierce's Pleasant Pellets are for men.

## Hanna's Green Seal "THE MADE-TO-WEAR PAINT"

Has stood the test of time and has been improved in quality with the passing years.

Many brands of paint are offered for sale and quite often careful scrutiny is not given the subject with reference to the quality of the paint to be used.

EXPERIENCE IS A GOOD TEACHER. TEST THE QUALITY.

It is a good idea to learn the composition of the paint you intend to use. There is a difference.

The printed formula appears on every package of Hanna's Green Seal Paint.

This is an evidence of good faith and attests the confidence the makers have in their product.
